How to use

We made your bunny so easy use!

- 1 Press the Power button to turn your bunny on.
- 2 Press the Power button again to change vibration modes.
- 3 Hold the Power button for 1 second to turn off your bunny.

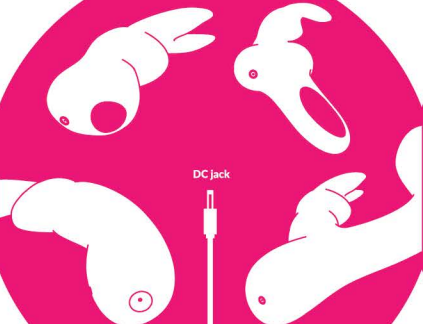

How to charge

Your bunny can vibrate for up to **2 hours** on a single charge. Slide the cable's DC JACK into the charging hole of your bunny and connect the USB end into any USB port. A **red LED** light indicates that your bunny is being charged.

A **green LED** light indicates that your bunny is fully charged and ready for use. It can take up to **3 hours** to fully charge your bunny.

Happy hoppin'!

Cleaning & safety

Clean your OhhhBunny™ toy before and after each use with a soft cloth, antibacterial soap and warm water. Rinse well to remove any residue. Always let toy dry completely when not in use, store toy in a clean dry place. Do not use toy if visibly damaged. If the toy malfunctions, turn it off and discontinue use immediately. Do not use toy on swollen skin or areas of preexisting injuries.

About Cock Rings

Please read this information carefully before you use a cock ring for the first time. The product can cause injury if used incorrectly. A cock ring is designed for penis erection improvement. It can help men who are not satisfied with the quality of their erection or men whose erection is not persistent tight enough for sexual activity.

DIAGNOSIS OF OTHER CONDITIONS

If you have symptoms of erectile dysfunction/ impotence (that means, inability to achieve an erection that is sufficient for sexual intercourse) consult your physician prior to using the product.

There are different forms of erectile dysfunction. Some diseases, such as e.g. diabetes mellitus, heart disease, circulatory disorders, high blood pressure, certain injuries of the nerve fibers, alcoholism, drugs, smoking and taking medications can be the cause of erectile dysfunction.

Please note: You should consult a physician if you have prolonged erection disorder.

INSTRUCTIONS FOR USE

1. The penis ring is slipped over the penis before arousal. For the best possible erection it is important to choose the right ring.
2. Penis rings can be worn not only on the glans or on the penis but also around both testicles. Thereby the cock ring will first slide about the penis and then the testicles - after one another - drawn very carefully through the ring.
3. Once the arousal initiates the erection, the ring reduces the blood flow back to the body. As result of the erection is faster, stronger and longer lasting.
4. The ring can improve and reinforce the naturally erection.
5. Remove the tension: After intercourse or if the erection is too tight the ring can be solved: Stretch the ring with two hands and wait until the erection decreases. Then you can first pull out the penis and then the testicles.

Warnings - ATTENTION! Please note that the ring should be worn no longer than 30 minutes. Prolonged use of the ring (i.e. without removal) may cause permanent injury to the penis. Do not fall asleep while wearing the penis ring. Please wait at least 60 minutes between uses, as more frequent use may increase the risk of injury to the penis. Do not use the ring under the influence of alcohol or drugs because such use may impair the user's judgment. Do not use the ring at sick and irritated skin or infected skin. If unpleasant skin tension or irritation occurs through the application please stop the use of the ring immediately. Do not use the ring if you have decreased sensation of pain in the area of the penis because you do not feel the pain in the case of injury. Do not use the ring if you have decreased hand strength because this may make removal of the ring difficult. Please consult a physician if any complications occur and do not use the ring if you continue to experience complications. Do not give the ring at third parties to avoid diseases and infections. Keep out the ring of reach of children! Misuse of the penis ring may cause bruising, painful injury or permanent damage to the penis. The manufacturer is not responsible if you use the product incorrectly.
